

Livewell Timer Module

Product Features

- Easy to mount
- Small package size
- IP68 rated
- High current capacity
- Timing cycle can be customized
- Rugged construction
- Sealed automotive connector
- Harness available

Specifications

Operating Voltage: 8-16 VDC
Output Voltage (to pump): 12 VDC
Output Current (to pump): 12 A (max)
Cycle Timing: 2 min (on) 3 min (off)
Operating Temperature: -40° to 85°C
Mating Connector: Deutsch DT06-3S
Mating Wedge Lock: W3S
